TT.....I worked with her at Aetna. We sat right next to each other and both got at our desks at the crack of dawn. She used to send me spiritual texts each morning. I miss her. The last memory I have of her....she stopped me in the cafeteria at work and asked for her "HUG". If I would have known that would be the last hug I would get, I would have held on just a bit longer.

Teresa as I have called her for years as I have known her for years words can not express how I'm feeling in the past few days. I can truly remember your wide and beautiful smile when something made you laugh to the extreme and the way you would hang your head down towards your stomach wow we had fun. I remember your witty-ness, serious side and also your other side but as always you loved your family and friends. Go be that soldier for God rest in peace..... your long time friend as you call me Doug.

Teressea, my dear sweet sister friend! We first met about 19 years ago when we sat next to each other in church each Sunday. We became fast friends and spent time going to movies, dining out, going to the gym and catching up with long phone conversations after we started to attend different churches. Your face would light up when you laughed and smiled especially when we would talk about crazy things we had seen, said and done. I will always remember you calling me about a year ago to say, "You have been on my mind and I just wanted to call and say I love you. Life is short, we don't see or talk often but I just want you to know you are a good friend." You made me cry. You called me recently to tell me that Lucky Peterson, our favorite Blues Musician passed away. We laughed so hard about the time we saw him and he left the stage to go outside to play. I am so grateful that I spoke with you the night before you last went into the hospital. We caught up, talking about everything and promising to get together soon. I am heartbroken knowing that you are no longer here. ❤️ On the other hand, I am happy to know that you are with the Lord and will live eternally! That we shall meet again! I know your face lit up with that bright smile when you saw Angie and your Dad. I love you Teressea ❤️, you were a good friend! You will be missed! Rest in Heaven Teressea!

Teressea, thank you for your friendship. Thank you for being a source of encouragement through some pretty tough challenges that I faced. You always let me know you were praying for me and you always would remind me that everything works well according to God's plan. Your words always encouraged me. Our friendship was instant and remains. I will miss you deeply. Thank you for being a light, a true friend, someone I could always depend on, the person I knew who was always praying for me, showing your love for God and others always, being honest and kind, someone that I could talk to about anything and it never get repeated, and simply put just being a wonderful and godly person. It has taken some days for my mind to accept what I know to be true. But in spite of it all, your light, works, and legacy remain as a constant reminder of the wonderful person you truly are. I am praying for your family. Teressea May you rest well in the care of God. I love you, always.

I am still in disbelief and this really hurts. You will most definitely be missed. You're truly one of a kind person, we were some proud Aquarius small town girls making a way and what I will always remember about you is that smile and your tiny waistline... all the yrs I've known you (since like 6th grade) we never would go without making sure we spoke or gave each other a hug when we would see each other. I am going to miss you more than you even know and seeing your smiling face but God needed you more and you can take your rest now until we meet again rest on friend. Love you!!!

Teressea, You will be greatly missed. In working with you over the past 6 years, you have always shown kindness, patience and dedication. You have such a positive spirit and warm smile. I appreciate your dedication to your work and our team. I'm blessed to have known you and to be your supervisor. I will never forget your encouragement to me on a personal level to pursue paintings. We worked together for 13 years and even shared a cubicle for a while. You were always so sweet, caring and a joy to be around. We talked about our life challenges and your support was always a blessing. I know you are with the Heavenly Father, just as you always knew you would be.
