I met Al through friends. I sat next to him at church on Saturday nights until the virus closed the church in March. Our group went out to dinner every Saturday night after 5pm mass, and Al would always ask me if I would like a ride to the restaurant. We laughed and talked the entire ride to the restaurant and talked more when he took me back to my car at the church. I felt like I had known him my entire life. He was a joy to be around and was always smiling. I am so lucky I had the chance to spend that time with him. I'm sorry I will be out of town and cannot attend his services. God bless him and his family, I will miss him dearly. Diane Dillon

It has been so wonderful to hear all the tributes to my father! He was such a good human being that it does not surprise me at all at how much he was loved by others and how many lives he touched. As for me, he was the only man I ever loved (besides my husband) he was the first and now the last. He & my mother taught us all how to be good human beings and how to love. I will miss him forever and I will always remember how to love, how to do the right thing, how to laugh and most importantly how to show others what he taught me.

Your Uncle John Robert and I last had a visit from Al, along with his sister, Elaine and brother, Bobby on May 14, 2018. We had lunch and visited with John Robert and Emily's sister, Kathleen, at the nursing home. Al had been able to visit with her on the afternoon before she passed away that night.. We were so happy for the timing of that visit. John Robert and I had had the opportunity to visit a couple times during Emily's illness and found him to be a very special caregiver. Soon after he and Lois were married, they came to visit and introduce us. We were pleased and found her to be a very nice lady. You may not have known that your Uncle John Robert passed away on March 24, 2019. Being so many miles between Orangeburg, SC and Mansfield, TX, visits were few and far between but it was always a pleasure to spend time with your dad. You will miss him dearly. There are so many nice things to be said about Al but we know the most important is that he was a Christian and has a heavenly home. My love and deepest sympathy to each of you. Your Aunt Loretta

Pops, I'm so sorry to see you're gone. I'll miss you. Thank you for always being there. You and Mimi always showed up to my soccer, volleyball games, cross country and track meets, all the school plays and Grandparents day. Thank you for always making my sisters and I laugh at your goofy jokes or messing with Mimi, calling me for every birthday singing even after Mimi passed. I'm sorry I wasn't able to come see you this year but glad we kept in contact. Thank you for loving my Mimi and loving her well.

My dearest Al!! We will forever miss you! We have known Al for 45 years . He was always a loving,kind gentle and caring person ! Probably the most I have ever met. He loved his dancing and was very good at it. He was so very kind to me and so was Emily when I needed it most! I loved Dancing with him. He made me look good. I loved watching he and Emily dance. The other thing we had in common was being from South Carolina. Emily and I talked about that often. The good thing about all of this is that he and Emily are celebrating a reunion! How wonderful is that! Missing you both forever ! Rest Easy! 😞 😞

Al has always been a great friend, but after my husband Jim died, he was very sweet to me and always made sure I was okay. I've been thinking of him while I was doing my Christmas decorating and hoping to celebrate with him when he came home from the hospital. He so loved Christmas and actually was the embodiment of the spirit of the season. He told me about the gifts he was buying for his family and I was so impressed that he actually did all of his own shopping and knew the sizes of everyone. You could just tell how much he loved them. When I moved into my new house, he and Jim Sissen came over to help me set up the Christmas tree. They actually attached it to a rolling base so I could just roll it in and out of a closet.....they were so proud of themselves. And I appreciated them so much. Afterwards we sat around the fireplace and just enjoyed being together. What a fine man...I will so miss him. To his family, I can only imagine your sadness in losing him, but I know you are comforted knowing he'll now be with his beautiful Emily. Love and prayers to you all, Valerie Crowe

Al always was and this is a hard transition. His smile and greatness filled all space from the day I was born. From PA to OR to TX for several visits, home could be wherever Stubenrauchs were (first tough word I ever memorized.) My smile today comes from knowing he is with Emily, whose smile also lives on - even if sometimes it was one of those... mandatory stern ones. My life is better because they were part of the foundation. As long as there is carnation canned milk, Dr Pepper, Dallas Cowboys, well... Al will always be close by. Love & Hugs to all who loved him.

Me dearest Uncle Al...I fondly remember all of our visits in Charleston, especially like the one where we scared the living daylights out of Cousin Judy in Dad's boat on the Cooper River! My first memory of travelling to the Big D to see Uncle Al was in 1971 and the biggest song on the radio was "Uncle Albert/Admiral Halsey" by Paul McCartney...we sang that song in the car so many times I thought Aunt Emily would never invite us back out! In the spirit of that song and the fond memories of us all getting together, you always "got your feet up off the ground...lived a little and got around!" Sure gonna miss ya Uncle Al! Thank You Robert - I know on one of our road trips to Dallas "Bye Bye Miss American Pie..." BUT the Dr Pepper Canning Cans were out of commission and his garage had an unlimited GUESS THE FLAVOR of the poor soda needing cans. Oh how my heart is sad today.

My brother Al and I were 15 months apart and were always together. The family rented a house at Myrtle Beach for a week every summer. At night Al and I would go down to the pavillion in the center of town. People were dancing a new dance called the shag. There was a juke box and for 25 cents you got three songs. Al and I never put any money in as there was always some one to keep the music going. After watching them dance, Al and I decided we could do that. So out on the floor we went and did keep up. It was a wonderful time in our lives. I will miss him. Elaine Bonner
