Rebecca Swaintek lit a candle in honor of Mabel.

While I've only known Mabel for about a year and a half, she made a huge impact on my life. I was assigned to be her mentor through the Kline DiveIN program, but she taught me so much in return. She had big plans and already made so much positive change in the world. It was an honor to have known you and to have talked to you the week before we lost you. You are missed and loved more than you know ❤️
